### CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the

Tecaiment of Skin Diseases.

Nothing in the history of medicina has ever approached the success of the marvelous skin remedy known as postam, which, it is safe to say, has cured more cases of exema and skin diseases than any remedy ever offcred for these lis.

The success of postam is not at all surprising when it is considered that even a very small quantity applied to the skin stops stehing immediately and cures chronic cases in two weeks. The very worst cases of exonu, as well as acre, herpes, tetter, piles, sait rheum rash, crusted humors, scaly scalp and every form of lich, yield to it readily. Biemishes, such as pimples, red noses, muddy and inflamed skin, disappear almost immediately when postam is applied, the complexion being cleared overnight.
